

FAIRFIELD VILLAGE HALL

Financial Management, Risk Assessment & Reserves Policy

Adopted: 4th April 2018

- i) Concept
 - (a) The Committee established the following enduring principles:
 - (i) Letting income should be set at a level to cover all overheads plus a reserve fund.
 - (ii) Banking of hiring deposits; Good financial practice is that you bank these at least two weeks before the event so that the hall can cancel or get cash if it bounces. Also the deposit for an outside group/party should be equal to your insurance excess.
 - (iii) The Trust will operate financial procedures which comply with the Charity Commission guidance given in CC8 – Internal Financial Controls for Charities.
- ii) Budget
 - (b) Each New Year the Treasurer is to prepare a Financial Plan and Budget for the new financial year for consideration at Committee.
- iii) Charity Commission
 - (a) It is the duty of the Charity Commission to take a close interest in the financial affairs of the Charity. The Treasurer is the principal point of contact for finance and therefore has a duty to update the Charity Commission on all matters. He possesses a login and password to complete certain updates on-line. The login and password are related to the Charity, and not the Treasurer, and therefore may be used by other Officers of the Trust, as required.
- iv) Bank Accounts
 - (a) The Management Committee maintains bank accounts that are in the name of Fairfield Village Hall.
 - (b) All accounts are '2 signatory' accounts, whether for issuing a cheque for the Current Account or for issuing instructions for moving funds between accounts or establishing regular payments.
 - (c) The authorised signatories are:
 - (i) Chairman,
 - (ii) Vice Chairman,
 - (iii) Treasurer,
 - (iv) Secretary, and
 - (v) One other.
 - (d) Though the normal combination is Treasurer and Chairman, any instructions to the Bank should be double signatory letters.
- v) Reserve Funds
 - (a) The level of reserve funds will be reviewed by the Committee from time to time. At the present time it has been agreed that a reserve fund of **£10,000** be

established to cover unforeseen emergencies and requirements. In addition it has been agreed that £2,000 per year will be placed in a savings account to form a replacement fund. This sum is based upon the cost of replacing the limited life fittings and equipment over a 10 year cycle. These reserves are in place. See Charity Commission website for RS5 – Small Charities & Reserves

(b) It is recognised that future major maintenance requirements may from time to time require a review of these arrangements.

vi) In Year Accounting

(a) The accounts will be kept in accordance with the Charity Commission requirements as expressed in CC15a/CC15b – Charity Accounts, The Framework.

(b) The accounts will identify income and expenditure categories in sufficient detail for the Trust to assess the financial situation as and when required.

(c) The end of year accounts will be subjected to an Independent Review as specified by the Charity Commission for our level of income and expenditure. This is no requirement for an independent audit.

vii) Spending Authority

(a) The following spending authorities and limits currently apply:
